

# Husa Alangari

## Objective

---

Apply my skills and experiences as an instructional designer and educator to make a positive impact on instructional technology issues in education.

## Experience

---

2000 – 2010 Ministry of Education Riyadh, Saudi Arabia

### ESL Teacher

- Developed teaching style focused on sound classroom management and positive reinforcement, creating a happy, productive classroom atmosphere.
- Purchased computer and several age-appropriate software titles and began the first CALL program in a Saudi female public school.
- Incorporated Internet-based activities to increase students' comprehension and language arts skills.
- Instructed the science-section students in Medical Terminology and Latin/Greek derivatives.

---

March 2000 – July 2000 Language Center for Girls Riyadh, Saudi Arabia

### Branch Manager

- Carried out administrative responsibilities, such as hiring, on-the-job training, and interviewing prospective ESL instructors.
- Evaluated effectiveness of training programs and instructor performance.
- Supervised ESL instructors in the classroom, including methodology, effective training techniques, and time-management.

---

June 1999 – March 2000 Language Center for Girls Riyadh, Saudi Arabia

### ESL Teacher

- Instructed multiple ESL levels – from beginner to advanced.
- Developed and executed an American Accent Training Program, the first of its kind at the Center. This involved researching current American accent programs and methods, choosing the most effective programs according to the skill level of the current students and then combining them into one program.

## Education

---

2011 Indiana University Bloomington, IN

### Master of Science, Instructional Systems Technology

1999 Princess Nora Bint Abdulrahman University Riyadh, Saudi Arabia  
(formerly Girls' College of Education)

### Bachelor of Arts, English Literature

## Husa Alangari
